

To establish linkages and collaborative programmes with other national and international institutes in the area of IPM

The Centre has developed linkages with DPPQ&S and its IPM centres, Department of Agriculture and Cooperation (DAC, MOA), State Agricultural Universities (SAUs), ICAR institutes, AICRPs, KVKs, Agriculture and Horticultural Departments of states and private industries involved in bio-agent production and pesticides and NGOs involved in promoting IPM technologies. Linkage with all the stakeholders of public and private institutions infused strength for timely execution of the IPM programmes.
